

Hi everyone,

Here's a little info about myself. Leane and I have been married for 39 years, we have 3 children and 6 grandchildren. I grew up on a farm just south of Spruce Grove. After high school I attended Central Pentecostal College for a year. also went to Grant McEwan College for music. I have a class 1 license, drove truck for a while, paving crew for a summer, diamond driller in a uranium mine in Northern Saskatchewan for 1 1/2 years. then I went into the insulation trade for 35 years. 20 years on the tools and 15 years in the office as their chief estimator.

During this time, I sat on the board for the Thermal Insulation Association of Alberta, a trustee for the Local 110 Training Trust Fund, and currently sit on the negotiation committee for the contractors and Local 110.

Our family has been coming out to Whispering Hills for about 20 years now. We live at 64 Marion Crescent. We are retired fulltime residents and love it out here. I have been on council since 2016 and have been Mayor for the past year. I really do love serving in this capacity and want to keep Whispering Hills as one of the most beautiful places in Alberta to live. My door is always open, your vote would be much appreciated.

Love your lake, Love life, have a great summer!
Mayor Curtis
