

Hello to all Whispering Hills Community members.

My name is Ed Scantland and I currently serve as the Deputy Mayor of our Summer Village. I have been serving on council for the last 4 years. During that period we have done many projects to enhance the summer village such as developing a larger public beach area, clearing and building a playground which now includes some new play structures and furthering the development of new lots/road improvement down Aspen Drive. I have spent the last 24 years in the financial planning field and have extensive knowledge in business finance and future planning.

My wife Carol & I like to spend time with our family out at our lake lot and enjoying the relaxing atmosphere we have at Whispering Hills. We have 3 children and 4 grandchildren that we look forward to spending many weekends here together.

With your vote for me my goal is to continue to serve as your Deputy Mayor and continue to enhance our amazing summer village for everybody's safety and enjoyment.

Thanks,

Ed
