

I was raised on a farm near Morinville, AB. My wife of 42 years and I have two children, Brandy and Steven and six grand-children. I worked most of my career with R. Angus which later became Finning Canada. I began my career with them as a machinist then moved on to field service. Later I had the privilege to join their management team.

During those working years we have enjoyed our part time residency here in Whispering Hills. I retired six years ago, and when Louise retired from teaching 3 years ago we decided to become full time residents. Both our children have cabins here in Whispering Hills where they enjoy their weekends and vacations. We are all very proud to be residents of Whispering Hills.

I believe our past Mayors and Councillors have done and continue to provide us with a wonderful village. I would be honoured to fill the vacancy within this group, to continue the high standard everyone expects and deserves.

Please everyone take a moment from your busy schedules on July 17 to vote. Your voice is important.

Thank-you

Maurice
